## April 5, 2019

### Attend to Receive Hands-On Training for the Remote Pilot Test for Commercial UAV Pilots

This event will provide an opportunity to receive training, in a classroom setting, on the Remote Pilot in Command Test from the Federal Aviation Administration. Attendees will receive study materials and a study book for further preparation for the exam. *(details on page 2)*

Biological Systems  
Engineering  
UNIVERSITY OF WISCONSIN-MADISON

**LW**  
**Extension**  
University of Wisconsin-Extension

Spend five hours in the classroom receiving training and insight from researchers and a certified Remote Pilot. Leave the training with study materials, practice exams, and all your questions answered.

### Event Details:

- Registration limit of 25 seats
- Register at: <https://goo.gl/forms/DyxOaJwm1jiygyag2>
- Cost: \$80 paid on arrival (Checks can be made out to UW-Madison; Please try to bring exact change)

### Included:

- 5 hours of classroom training on the FAA Remote Pilot Exam
- Printed study materials (yours to keep)
- A study book with practice exams (yours to keep)
- Box Lunch

### Topics Covered:

- **Part 107 Summary** — A review of what the Part 107 Rule covers
- **Regulations** — A general overview of the FAA Regulations as they pertain to the Part 107 Exam
- **Airspace Considerations** — A major difference between hobbyist and Part 107 pilots is an understanding of the National Airspace System.
- **Airport Operations** — This is a review of the air traffic patterns in use near airports and how pilots communicate
- **Aviation Weather** — This section covers weather theory and topics typically found on the Part 107 Exam and explains aviation weather reports
- **Emergency Procedures** — The FAA has specific rules regarding what to do in the case of an emergency in flight
- **Software for Remote Pilots** — Record keeping, pre-flight planning, websites, and apps useful for commercial operation of UAVs

\*Attending this course does not guarantee that you will pass the Remote Pilot In Command Exam. However, you will be provided with ample study material on all exam topics including those not covered in the event. Some extra time spent studying and taking practice exams will enable success.

Register now, space is limited!
